

REMARKS

Further to the prior amendment, independent claims 88, 116 and 118 (all of which are apparatus claims) and various dependent claims have been amended to avoid process-type language (e.g., “thinned”). Other minor changes have been made, including changes to improve clarity and to provide proper antecedent basis.

Withdrawal of the rejections and allowance of claims 88-220 is respectfully requested.

Respectfully submitted,

/Michael J. Ure/
